

11/7/18

Dear WELS Nurses Association,

As a junior nursing major at WLC, I have been blessed with so many amazing challenges and opportunities as I strive to achieve my goals within my college career. WLC is a wonderful institution, with a caring environment that has definitely helped me grow into the young woman I am today.

However, when it comes to finances, I would not be able to be here without the help of scholarships and ultimately people like you.

Thank you so much for the wonderful gift you have given me through this scholarship!

I am from Milwaukee, WI and am a member of Christ Ev. Lutheran Church in MKE.

After I receive my BSN/RN, I hope to maybe be an orthopaedic nurse, working at the Orthopaedic Hospital of WI. Besides academics here at WLC, I am also involved in instrumental music and am an RA here on campus. Thank you again & God bless, Anne Reinhardt
