

WISCONSIN LUTHERAN COLLEGE

SCHOOL OF NURSING

CHRYSTYAN

Chrystyan Woyak, class of 2019, is the recent recipient of the **WELSNA Annual Nursing Scholarship** at Wisconsin Lutheran College. He is currently practicing his Adult Health Clinical at St. Luke's Medical Center and anxiously awaiting his upcoming trip to Zambia with the WLC Nursing Department this summer. He is a proud member of the Warrior football team and his favorite classes are any labs he can take with Dr. Rob Balza.

“Thank you for supporting me on my journey to become a nurse. At WLC, the students and staff have so much compassion for each other. I am learning to provide a holistic type of care by becoming a Christian servant leader in the nursing profession - an experience I would not have received someplace else.”

About Chrystyan

Hometown: Juneau, WI

Home Church: St. John's, Juneau

High School: Lakeside Lutheran

Why WLC: I came here to play football and knew I wanted to pursue a career in the medical field. While at WLC, I learned more about our outstanding nursing program, NCLEX passing rate, and the Zambia training trip student nurses take their junior summer. The program seemed to be an obvious career path for my personality and skill set. I love the small, intimate class size and being surrounded by friends and faculty that share the same faith and viewpoints as me.

WLC Activities: Student Nurses Association, Warrior Football

WELSNA WLC Scholarship Totals

Annual Total:

\$3,498.00

An award of \$1,000 is planned for the 2018-19 Academic Year.

Endowed Total:
